In appreciation for his photographic services, we the Seniors of 69 dedicate the Everman Beacon to

This book will be a reflection of many memories for you. You shall remember friendships gained, challenges met, goals achieved, defeats conquered, and disappointments faced, which are all a part of high school life.

Through these experiences may you gain strength of character and a desire to make the most of the educational opportunities offered you in becoming a useful and responsible citizen of which our school, faculty, and community can be proud.

My best wishes to each of you.

P.S. It's very hard to write when you keep interrupting.

To Jimmy

While were here at highschool  
We studied, worked, & think  
And when out on a Friday night  
we gamble, screw, & drink  
But when our games are over  
And our time has come to pass  
Well both be buried upside down  
So this school can kiss our ass!
